

## News from the Beautification Committee

January 31, 2018

Hi Cecílio

Just to bring you up to date on the beautification committee: as of yet, we have not made any final decisions for the hallways, We are narrowing it down and getting some quotes from at least 3 different sources as to cost. Specifically, right now we are looking at ceilings, walls, doors, and flooring for the major projects in the hallways. You might want to report in your weekly blog that we are working diligently on these areas and will be reporting to the board our findings.

Also, tomorrow, Thursday, we are expecting 2 large area rugs for the lobby area. That is why the furniture has been moved so that the floors can be cleaned before the carpets arrive.....we hope they look terrific.

Stay tuned,  
Carole P
